Mr. N. Capone, super-organizer of our great industry, in his prison in Chicago, said to this writer:

"What's going to become of my people if they stop my beer working for me? I have two or three hundred young men working for me. I have two or three hundred young men working for me. I have two or three hundred young men working for me."

Also the "job at \$20 a week" are no longer there.

The unemployed bootstrap problem may be with us soon if the plan is carried out to free from

Turning the Searchlight on the Racket of Sham Tailoring

Under the guise of being custom tailors, thousands of Eastern factory made suits and overcoats have been peddled off on westerners each season. The racket of "make-be-like" tailoring blossoms out and flourishes in periods of depression. Like the watered stock racket the purchaser pays high for experience, hence the importance of having it exposed.

Going back some 20 years we find there were then two kinds of clothes, ready-made and custom tailored, each filling their particular field. The ready-made clothes merchant rendered real service to his patrons. To make a customer required was not in fact he would send him to the factory and get it in the pattern he wished. For this special order the factory charged \$1.00 extra which the customer paid. There was no deception. There was not represented as a custom tailored suit. From this convenient special order service idea there developed what we represent as the racket of selling factory made clothes as real custom tailoring.

The ready-made clothes merchant—the reliable special order agent who sold his clothes honestly for what they were, and the Real Custom Tailor shop all suffered immensely. But in due time the racket died of its own deception, only to reappear again under a new trade name when a new generation of young men had come into the trade and found the West Coast saloons offering tailored clothes from a bunch of salesmen.

The best protection against the lure of sham tailoring is to see and know the difference between the real and "tailoring." This brings us to the reason for our unique "Real House Demonstration on Friday evening."

EX U.S. ENVOY TO CANADA AS PEACE MAKER

Proposes Common Ground For Mutual Understanding

DETROIT, Nov. 17.—Formation of a conference composed of leading citizens of Canada and the United States to meet to discuss and foster friendly relations between the two countries, was urged tonight by Col. Harold MacNider, former United States minister to Canada.

Col. MacNider was addressing the St. Lawrence Seaway and International Conference, which is being held in Detroit. The importance of good relations and proper understanding between Canada and the United States was far greater than most people realize, he declared.

MacNider, "is that we form and maintain a group of outstanding citizens, representative of the best of each of our two populations, who together might constitute a great credit to the world."

MacNider continued, "The day was past when the bugaboo of the act of the Canadians against or suspicious of the British, and the British against the Canadians, was a thing of the past."

The Dumbells are to play a third week in Edmonton, when they will offer another new and distinctly different, musical, revue after "Carry On."

All of the favorite stars of the company, Al Plunkett, Harry Binn, Ted Barford, Audie Carline, Scott Morrison, Don Romaine, Carl Noyon and Scott Plunkett will be in the first time yesterday. The various comedies, sketches and all have new numbers as well.

Those who have not seen the present production are reminded that the Dumbells are offering the finest musical entertainment in Canada at the Strand this week.

RIALTO

Mary Dixon, who plays the gold digger in "Breath of Promise," the picture showing Chester Morris and Mae Clarke, now at the Rialto theatre, has been followed every year for the past five years.

Mary wants to go abroad and carefully save her money every year for a trip to Europe. Always the same thing happens. She gets as far as New York, then "blows" all her money on clothes, and then has to borrow enough money for her fare back home to California.

Having endured almost every imaginable stunt of housewifery, Bob Steele, favorite outdoor star, for literary "takes the air" in his next picture, "Taka Budde," and will appear as an actor in this new picture showing as the aged father in the same program. This time it means that Steele has abandoned his horse. Far from it. In the new horse is more in evidence than ever but Bob has added his new place for additional thrills.

Who's Who Behind Strand Footlights

Miss Billie Brown, another one of those eight lively dancers of the Dumbells group, Miss Brown, daughter of an old and honored theatrical family, was born in Toronto about seventeen years ago. Studied dancing all her life and turned professional two years ago, joining the Dumbells at that time. Dumbells are a Toronto dance unit, and now she's again the little end girl on the right in the Strand line-up.

Royal Alexandra Hospital

Continues to Show Favorable Returns

Despite adverse conditions Royal Alexandra Hospital continues to show favorable financial returns, as compared with those of a year ago, according to the financial statement for October presented at the monthly meeting of the board of directors on Wednesday night, E. T. Love, in the chair. The board expressed its appreciation of Dr. A. J. Anderson, superintendent, and the staff for the following:

On November 1, for the first 10 months of 1932, the Royal Alexandra Hospital was able to show a favorable balance of \$7,000 over the first 10 months of 1931. It is not expected that this advantage will be retained for the last two months of this year, but it is hoped that the having will amount to \$25,000 at least by the end of 1932.

It was rather unexpected when the low-balled ball by Carey put the nickel he had just received in his pocket, and he walked rapidly past the store window and disappeared into the night.

"Oh, I'm going to be a Junior!" he said to himself, and he smiled proudly. "I'm a member, you know."

It was after he had pushed away the street on his way home and he had reached his mother's door that he remembered the fact that he had just received the nickel.

WHEAT PRICES SLIP OFF IN LATE TRADING

WINNIEP. Nov. 17.—Symptomatic to weakness in outside markets and a "slip" in export trade wheat prices slipped off in late trading to record moderate declines. Values at the close were 1/2 to 1/4 cent a bushel lower than yesterday's final figures. November finished at 80 1/2, December at 81 1/2, May at 84 1/2 and July at 85 1/2.

Liquidation was in progress at Chicago where prices were more than one cent lower most of the morning and at the close showed a drop of 1/4 cent.

Liverpool continued firm in March, but the English market was slightly depressed because of new export figures being introduced to cover the tariff regulations.

The new futures take care of this point while the old contract is understood to be for delivery of all wheat with the duty at the expense of the buyer.

This condition, it is felt, will soon adjust itself and traders will become accustomed to the new contract. It is felt, however, that the market will be lower, but Buenos Aires closed decidedly higher.

Buenos Aires Argentine export estimates for the new wheat surplus there at 140,000,000 bushels, including the carryover of old crop. This is regarded as high in view of average last year's output.

Experts were in the market for high grain of each month. Quantities of wheat at prices 1/2 to 1/4 cent over the December figure. Cane grain was depressed.

TWENTY MEN GET WORK ON PLACER CLAIM

RECEPTION FOR LIBERAL CHIEF NOW ARRANGED

ust 14 last, George Williams was arraigned in the criminal court on Thursday before Mr. Justice Tweddle. He entered a plea of guilty and elected for trial.

With little preliminary as the jury was empanelled as George Pemberton, R. E. Smith, Jesse Brown, A. C. Brown, Archie Wisle and R. Milson.

"During the winter months, however, a more serious problem is presented. Indoor sports would prove too costly. The young people would have to be provided with gymnasium equipment, gym suits, running shoes, etc. But

Although, at the official readings of the thermograph at 5:45 p.m. Wednesday, the highest temperature of the day was eight above zero, the shifting of the wind out of the southeast into the southwest caused the mercury to do a further climb at the time of night when

ROBERTSON TO GUARD TWINE FOR ESKIMOS

CALGARY, Nov. 17 (UPI)—First trade of players in the Western Canada professional hockey league involving goal keepers of the Edmonton Eskimos and the Calgary Tigers was announced here last night by Lloyd Turner, owner of the Tigers.

Edmonton's goalie, Earl Robertson, signed recently by Turner, will go to the Edmonton Eskimos, while "Duke" Kests, owner of the Eskimos, will give Calgary in exchange "Red" McCusker, signed to guard the Edmonton nets.

INJURIES HIT HEADLINERS IN U.S. FOOTBALL

Dozen Stars Put on Shelf Including All-American Prospects

By EDWARD J. NEILL
Associated Press Sports Writer

NEW YORK, Nov. 17.—Although injuries and death on United States fields this fall have trailed mercifully behind the awesome totals of 1931, there seems never to have

been a season in modern pigskin history when severe hurts struck so consistently at the outstanding players of the game.

Out of a list of a dozen stars badly hurt, "Pug" Retner, of Northwestern, already had gained All-America fame and at least two others, Orville Mohler of Southern California, and Ed King of Army,

Mohler, Southern California's brilliant basketball coach, was also

erminant quarterback, was an even more serious casualty, being forced out of competition in his last, and what promised to be his greatest year, by a neck injury suffered against Stanford Oct. 22. Doctors decided the sensational ball carrier would be risking death if he were to play again with the vertebrae in his neck in such a weakened condition.

But aside from these stalwarts, the toll of men who seemed certain for sectional, if not national honors, has been equally great.

No Pro Hockey For Tulsa Fans

KANSAS CITY, Nov. 17.—W. F. Grant, president of the American Hockey League, announced last night the Tulsa club was definitely out of competition this year, leaving Kansas City, St. Louis, St. Paul and Duluth to form the circuit.

Living Music

Music is the living voice of Beauty, the warm and moving presence of the Unseen. Music is the pathfinder of the fine arts and the treasury of priceless memories. To the mind it is pure delight, and to the heart pure joy. It flashes on the wings of time, yet endures in a timeless fragrance. The musician is an instrument for the evocation of that joy which conquers time and circumstance. The shrill of life is the essence of music. The photograph of a friend is a souvenir, not the friend himself. A replica of music is not Living Music.
